DECLARATION OF THE AUTHORS

Manuscript Title:

_____

All authors of the manuscript certify that

The submitted manuscript or the one with substantially similar content is currently not under consideration for publication elsewhere and will not be submitted to another journal until a final decision by the editorial board of the Journal of Veterinary physiology and Pathology; in case of acceptance, it will not be published elsewhere.

All the collected data in the course of the study is presented in the manuscript and no obtained data from the current study will be used separately for any future publication.

All the authors accept complete responsibility for the manuscript contents.

The performed experiments comply with current available laws and written consent of Scientific Ethnic Committee / National Animal Care Authority (as mentioned in the submitted manuscript).

The conducted experiments avoided unnecessary discomfort to the animals by following the Guidelines for the Care and Use of Agricultural Animals in Research and Teaching.

The financial support received by individual contributors is mentioned in the manuscript or disclosed in the cover letter.

In the table below, please designate the substantive contribution(s) of each author.

Author name				
Email				
Conception and design				
Analysis and interpretation				
Writing the article				
Critical revision of the article				
Final approval of the article				
Data Collection				
Provision of materials, patients, or resources
